

AMENDMENT

In the claims:

Please replace pending claim 19 with the following claim 19:

C1
B1
19. (Amended) A method of generating a mammalian immune response directed to 158P1D7, the method comprising:
exposing cells of the mammal's immune system to an immunogenic portion of an 158P1D7-related protein, whereby an immune response is generated to 158P1D7.

Please add the following new claim 67:

C1
B2
67. (New) The method of claim 19 wherein the exposing step comprises administering a nucleotide sequence that encodes said protein to the mammal whereby said protein is produced.
